

ZyXEL VSG-1200 V1.10

Release Note/Manual Supplement

Date: July 14, 2006

Support Platforms:

ZyXEL ES-31244F V3.70(AIS.0)C0 supports models: ZyXEL ES-31244F

Version:

1.10

Enhancement:

1. Add dynamic accounts do a username & Password optional 4~8 digit(Default=8).
2. Add privileged user function into system advanced item and without login to get Session List(UI).
3. Add Public IP for Billing Plan

Problem Fix:

1. Bandwidth setting issue.
2. CGI method for getSessionList.cgi change to all ips can access.
3. Public IP issue.
4. DNS query problem.
5. IP fragment may caused the DUT hang.
6. Layer2 isolation seems no work.
